**Subject:** Cusack Corsiglia for Hearing Feb 10 2022

Hi Pam-

Please submit the following narrative for board members to review for our informal hearing February 10th.

Thank you,  
Betsy Corsiglia

### **West Tisbury Zoning Board of Appeals**

Re: Cusack /Corsiglia 22 Scotman's Lane  
Informal hearing date: February 10, 2022

February 7, 2022

Dear Members of ZBA,

We have revised our barn plan to comply with your maximum height condition. You will find the revised plans reflect a maximum height not to exceed 30 feet, including the cupola, nothing else has changed on the plan.

In addition to your review of the revised barn plan, we are also seeking a one year extension on the Barn Special Permit. As we all are aware, the past two years have been quite disruptive due to the impact of COVID, this disruption has greatly impeded our ability to get our building project underway. As of this date, we have applied for our house and the barn permit at 22 Scotsman's Lane, however our Special Permit for the barn is set to expire in April 2022. We want to ensure our ability to go forward with our residence and barn in late Spring early Summer, therefore we are requesting a one year extension on the Special Permit for the barn.

Thank you for your consideration.

Regards,

Constance (Betsy) Corsiglia and Kevin Cusack
